Parents, research everything!! Take the time to sit down and research every single p0k3 that you will give your baby/child because you can't take it back after it's done!

8w

Irosar10

For my first two children I was so young and ignorant and fear was instilled into me so I got them vaccinated but about 2 years ago I decided no-more. I now have a new baby who never got vaccinated and the other two which are now 6 & 4 haven't been vaccinated for the past two years. Doctors still ask every single time I come and test to see if I have
